<https://mvd.gov.kg/rus/news/2309>

16.08.2023 Employees of the Drug Control Unit of the Moscow Metro Department of Internal Affairs of the General Directorate of the Ministry of Internal Affairs of Russia in Moscow, with support from special units, have intercepted operations of a drug group. It was preliminarily established that criminals organized a full cycle of cultivation of drug-containing plants, processing and packaging of raw materials obtained, as well as sale of obtained drug marijuana through dead drops, including at Moscow Metro stations. For this purpose, two apartments were rented - on Fabritsiusa street and in Dosflota passage, which co-conspirators equipped with cultivation tents with a climate-controlled air purification system and automatic water supply. During searches they found laboratory equipment, two drying machines, about two hundred liters of chemical reagents, as well as bank cards, cell phones and other items of evidentiary value. More than **3.5 kg of marijuana**, 23 cannabis bushes, as well as **1.4 kg of fragments of a drug-containing plant** were seized.
<https://мвд.рф/news/item/40836164/>

16.08.2023 Inspectors of the Traffic Police Department of the Traffic Police Department of the Ministry of Internal Affairs of Russia in Kazan stopped a foreign-made car driven by a 51-year-old resident of the Khanty-Mansiysk Autonomous District at the Malinovka stationary police post in the Republic of Tatarstan to check documents. During conversation, the driver was visibly nervous and behaved suspiciously, so the police decided to search his vehicle. In the interior of the car, law enforcement officers found a small bag containing several wraps with unknown substance. In addition, in the trunk of the foreign car inspectors found a backpack with bags filled with a pressed substance. Police officers seized suspicious packages and sent for forensic examination, which determined that contents were **hashish** weighing **6.4 kg**, as well as **mephedrone** weighing over **2.3 kg** and **cocaine** of about **90 g**.
<https://мвд.рф/news/item/40863122/>

16.08.2023 As a result of a set of investigative measures aimed at detecting and combating illicit trafficking in narcotic drugs, officers of UNK UMVD of Russia for the Kaluga Region detained a previously convicted resident of the regional center born in 1985. In the course of a search at her place of residence in a rented apartment, police seized rolls with a substance containing the narcotic drug **N-methylephedrone**, with a total mass of more than **760 g**, as well as scales and packing material. <https://мвд.рф/news/item/40847465/>

16.08.2023 Two residents of the regional center, aged 23 and 19, came to the attention of officers of the Department for Drug Control of the Department of Internal Affairs of Russia in the Kaliningrad region, who, as the operatives found out, were engaged in acquisition and sale of potent synthetic drugs through an online store with the help of dead drops. Young people were detained at the end of July this year. The criminals were traveling in a car owned by one of them. During a search of the vehicle, police found and seized a package wrapped in duct tape with a substance inside, as well as their cell phones and bank cards. Forensics found that the package contained the narcotic drugs **mephedrone** weighing about **100 g**, **amphetamine** weighing **150 g** and "salt" weighing about 200 g.
<https://мвд.рф/news/item/40859435/>

16.08.2023 Officers of Drug Control Unit of the Rostov Line Department of the Ministry of Internal Affairs of Russia on Transport identified a 36-year-old resident of Rostov-on-Don who tried to send synthetic narcotic substances by postal mail. Transport police found out that the criminal had loaded into several canisters with machine oil 6 rolls with powdery substance of beige color and sent the parcel to Luhansk. However, it did not reach the address, the canisters were confiscated and the substance was sent for examination to criminal experts. Expert analysis showed that the packages contained the narcotic drug **methylephedrone** with a total mass of more than **800 g**. It was also established that the citizen was already serving a sentence in the Bryansk region for a similar crime.
<https://мвд.рф/news/item/40867601/>

16.08.2023 In the course of implementation of operative intelligence, officers of the 5th Unit of the Drug Control Department of the Russian Ministry of Internal Affairs in Nizhny Novgorod region together with inspectors of the regional traffic police department of the State Automobile Inspection of the State Automobile Inspection with the support of a special unit stopped a car carrying a 29-year-old native of a near abroad republic at the 348th km of the Moscow - Ufa highway. As a result of inspection of the car owned by the foreign citizen, under the carpet of the front passenger and driver's seat the police officers found and seized 6 packages with unknown substance inside each package. In the course of investigation, police experts found that contents of five seized packages contained the narcotic drug **methadone** with a mass of **495.9 g**, and another package contained the narcotic drug **heroin** with a mass of **994.9 g**. <https://мвд.рф/news/item/40871250/>

16.08.2023 Officers of the Drug Control Unit of the Department of Internal Affairs of Russia's Mineralovodsk City District received information that a 43-year-old local resident might be involved in drug trafficking. In the course of inspection the information was confirmed. Operatives detained the woman on a street of the district center. During a personal search in the presence of witnesses, the police seized from her a polymer package with a powdery substance, which, as experts later confirmed, was a synthetic drug. During interrogation, the woman confessed and explained that she had purchased the drug from an unknown person who was the curator of a specialized online store. The woman reported coordinates of the wholesale synthetic "dead drops" she had made, from which four more large packages were seized. In total, the police seized almost **480 g** of the substance recognized as **N-methylephedrone** based on results of tests.

<https://мвд.рф/news/item/40853687/>

17.08.2023 In the course of investigative measures, officers of UNK GU MVD of Russia in Samara region together with traffic police inspectors detained a suspect in attempted sale of narcotic drugs. On the M-5 Ural highway in Krasnoyarsk District, police officers stopped a car driven by a Tyumen resident born in 1977. During inspection, police officers found a plastic bag containing 6 bags of white substance on the back seat. The suspect was detained and taken to the territorial body of internal affairs for further investigation, and seized items were sent for examination to the EKC of GU MVD of Russia in the Samara region. Examination showed that the substance was a synthetic drug **PVP** with a total mass of **5903 g**, which is a particularly large amount.

<https://мвд.рф/news/item/40892215/>

17.08.2023 Officers of the Drug Control Unit of GU MVD of Russia in the Voronezh region, during operational and investigative measures, identified a local resident involved in distribution of narcotic drugs on the territory of the region. As a result of planned operation, a 40-year-old man was detained by police officers at his place of residence. During a search of the residence, police officers found and seized 21 bags of powdery substance, and in the garage operatives found 3 more bags of narcotic drugs. Expert examination confirmed that the seized substance was a synthetic narcotic drug **methylophedrone** with a total mass of about **1 kilogram**. <https://мвд.рф/news/item/40887787/>

17.08.2023 In the course of investigative measures, officers of the drug trafficking control unit of the department of the Ministry of Internal Affairs of Russia in the Solnechny district detained two residents of Komsomolsk, aged 25 and 28. The suspects rented a private house and grew **cannabis** in a specially equipped place, as well as on the territory of the homestead plot. Police officers seized 1,093 bushes of drug-containing plants, as well as two plastic bags with dark green plant matter, the total weight of which in dried form amounted to more than **2.4 kilogram**. <https://мвд.рф/news/item/40883606/>

18.08.2023 In the Smidovichi district on the Chita-Khabarovsk highway, inspectors of the traffic police of the State Automobile Inspection of the Ministry of Internal Affairs of Russia for the Smidovichi district stopped a foreign car driven by a 38-year-old local resident to check his documents. There was one passenger in the car. During conversation, the driver was visibly nervous and behaved suspiciously, in connection with which the police decided to search his vehicle. In the trunk law enforcement officers found a bag with a vegetable mass with a specific odor. Police officers seized the plant mass and sent it for examination, which determined that the contents of the bag were a narcotic **cannabis** plant weighing **4.826 grams**.

<https://мвд.рф/news/item/40910992/>

18.08.2023 Officers of the General Directorate for Drug Control of the Ministry of Internal Affairs of Russia, together with colleagues from the Municipal Department of Internal Affairs of Russia "Shchelkovo", as a result of investigative measures arrested a 41-year-old resident of Moscow suspected of selling narcotic drugs near a house on the territory of Yagodnaya in the town of Shchelkovo. During personal inspection of the man, they found and seized a package with a light-colored substance wrapped in transparent film. Chemical examination results showed that the seized substance was **amphetamine** with a total mass of about **200 grams**. <https://мвд.рф/news/item/40922227/>

21.08.2023 Police patrol officers together with operatives of the drug control department of the Leninsky District Department of the Ministry of Internal Affairs of Russia, as a result of measures taken near the Zelenoye Highway, stopped a carshare car driven by a 40-year-old native of the Pskov Region suspected of selling drugs. During a search of the vehicle on the mat behind the passenger seat, police officers found a polymer bag with three wrapped parcels of scotch tape inside. Expert opinion indicates that the contents of the 2 parcels are **mephedrone** weighing about **700 grams**.

<https://мвд.рф/news/item/40976642/>

21.08.2023 While patrolling a section of railroad in the Leninsky district of Novosibirsk, officers of the linear department of the Ministry of Internal Affairs of Russia at Novosibirsk station detained an 18-year-old local resident suspected of drug distribution. He attracted the attention of transport policemen at the moment when he crossed railroad tracks and tried to escape in a forest belt. During a personal search of the detainee, transport police officers seized several dozen polyethylene rolls with pills. Forensic expertise concluded that the seized substance was the narcotic drug MDMA ("ecstasy"). Transport police officers found that the suspect had been selling the illicit substance, packaged into single doses, by non-contact method. Operatives found nine already equipped dead drops near railroad tracks. A total of **300 MDMA tablets** were seized. <https://мвд.рф/news/item/40971591/>

21.08.2023 Officers of drug control department of the Ministry of Internal Affairs of Russia "Livensky" received intelligence that two residents of Livensky district, born in 1971 and 1978, may be involved in illegal trafficking of plant-based narcotics. As a result of investigative operations, this information was confirmed. Police officers detained these citizens at the moment when they intended to sell on the territory of the city of Livny plant mass of green color, which was seized and sent for examination to the Expert-Criminalistic Center. Study showed that it was the drug **marijuana** with a mass of about **85 grams**. Criminal proceedings were initiated against the suspects by investigation department of the Ministry of Internal Affairs of Russia "Livensky" on the grounds of a crime under part 3 of article 30, part 3 of article 228.1 of the Criminal Code of the Russian Federation. 3 Art. 228.1 of the Criminal Code of the Russian Federation. As a result of further investigations, police found and seized more than a hundred cannabis bushes in a greenhouse at the home of the defendant, born in 1978, and during a search of his house - a plastic container, inside of which, according to the study, was the drug **marijuana** weighing **808 grams**. Criminal proceedings have been initiated against this citizen on the grounds of crimes under part 1 of article 231 of the Criminal Code of the Russian Federation and part 2 of article 228 of the Criminal Code of the Russian Federation. <https://мвд.рф/news/item/40977063/>

21.08.2023 Investigation section of the Department of Internal Affairs of Russia for Zubovo-Polyansky district initiated criminal proceedings against a local resident suspected of committing crimes under Art. 228 of the Criminal Code of the Russian Federation "Illegal possession of narcotic drugs" and Article 231 of the Criminal Code of the Russian Federation "Illegal cultivation of plants containing narcotic drugs". During the ongoing measures operatives received information about possible possession of prohibited substances by a 65-year-old resident of Zarubkino village. While checking the information in outbuildings of the suspect, police found cannabis. 27 bushes of drug-containing plant with a total weight of more than **1 kilogram 680 grams** were growing in a bed in the vegetable garden, as well as in flower pots, which were located along the fence in the yard. <https://мвд.рф/news/item/40975940/>

21.08.2023 In course of investigative measures, officers of the Drug Control Directorate of the regional Department of the Ministry of Internal Affairs of Russia "Shushensky" together with colleagues from the Ministry of Internal Affairs of Russia "Shushensky" detained two girls born in 2002 and 2004 on the territory of the district center. The police found that they were retail dead drop operators for an underground online store. The suspects took large bulk amounts from stash houses and then packaged into small quantities for the purpose of distribution by "dead drops" on the territory of the Shushensky and Ermakovsky districts. During a search at the residence of the criminals, police officers found and seized prohibited

substances packed in plastic bags ready for sale. According to results of a chemical examination, the seized substance was found to be a **synthetic narcotic drug** weighing more than **100 grams**. <https://мвд.рф/news/item/40985966/>

21.08.2023 In the course of verifying intelligence, officers of the Drug Control Department of the Sakhalin Regional Department of Internal Affairs found that a 19-year-old resident of Dolinsk had taken a job as a courier in an online store that operates in the shadow segment of the Web and sells and distributes illegal substances. In the course of correspondence with the store's supervisor, it was explained to him that he would be engaged in equipping dead drops with narcotic drugs. The suspect agreed and received his first wholesale cache of drugs. The envelope contained 10 grams of N-methylephedrone, which had to be packaged and placed in "dead drops". He received the money in the form of cryptocurrency. On 17 August, the suspect received **704.61 grams** of a synthetic narcotic drug. Having packaged the prohibited substance, he took some of the drug and went to make "dead drops", but was detained by police officers. In the course of a personal search they seized a cell phone and 18 rolls with the substance, which were intended for further sale. A bag of **N-methylephedrone** and an electronic scale were found in the apartment where the suspect lives. <https://мвд.рф/news/item/40978614/>

22.08.2023 In the course of the operational and preventive action operation "Mak-2023", police officers of Georgievsky District seized a large amount of marijuana from a 46-year-old resident of the village of Krasnokumskoye. Earlier, officers of the Department for Drug Control of the Department of Internal Affairs of Russia for Georgievsky Urban District received information that a local resident was storing a narcotic drug on the territory of his house. Upon inspection, the information was confirmed. During inspection of the citizen's home, police officers found plants of gray-green color. An expert examination showed that the seized material was **marijuana** with a total mass of more than **2 kilograms**. <https://мвд.рф/news/item/41016406/>

22.08.2023 Officers of the State Automobile Inspectorate of the Mytishchi Municipal Ministry of Internal Affairs detained a 40-year-old resident of the Vladimir region on suspicion of selling narcotic drugs. While on patrol on Volkovskoye highway in Mytishchi, police officers noticed a man who was acting suspiciously and looking around all the time. The citizen was visibly nervous during conversation with traffic officers, in connection with which it was decided to conduct a personal search. During examination of the man's cell phone, they found coordinates of a drug dead drop. As a result of a visit to the specified coordinates, police seized a pink polymer package wrapped in blue tape with a substance inside it. According to an expert opinion of the ECC of the General Directorate of the Ministry of Internal Affairs of Russia in Moscow region, the envelope contained a derivative of the narcotic drug **N-methylephedrone** with a total mass of about **250 grams**. <https://мвд.рф/news/item/41020134/>

22.08.2023 Officers of the Drug Control Department of the Ministry of Internal Affairs of the Republic of Ingushetia and the Malgobeksky Ministry of Internal Affairs of the Russian Federation detained a 31-year-old native of Vladimir in the village of Nizhniye Achaluki, and found and confiscated **541.06 grams of mephedrone** during a personal search. During interrogation of the suspected drug criminal, operatives found that prior to his arrest the man had set up a dead drop of "synthetics" in Makhachkala. Police officers traveled to Dagestan and discovered it with illegal substances. More than **1 kilogram of mephedrone** was seized from there, which was confirmed by study. <https://мвд.рф/news/item/41014348/>

22.08.2023 Officers of the Drug Control Department of the Penza Region Department of the Ministry of Internal Affairs of Russia, in cooperation with the GUNK of the Ministry of Internal Affairs of Russia, detained two residents of the Republic of Udmurtia. They were suspected of attempting to sell a large consignment of narcotic drugs. The car with the criminals was stopped by police officers on the M-5 "Ural" federal highway. During inspection of the vehicle, operatives found a package and eight bags with a crystalline substance. According to expert report, the seized items were **cocaine** weighing more than **1 kilogram** and **MDMA** weighing about **2 kilograms**.

<https://mvd.rph/news/item/41015257/>

REPUBLIC OF UZBEKISTAN

22.08.2023 A car driven by a citizen of Tajikistan tried to enter the Republic of Uzbekistan through the Oybek checkpoint. He passed through a mobile X-ray frame and customs officers noticed strange shading in the area of the gas tank. A detailed inspection revealed that 49 polyethylene rolls were hidden in the gas cylinder and 31 rolls in the gas tank. It contained **52 kilograms of 877 grams of hashish**, more than **2 kilograms of heroin** and a glue container with **950 grams of synthetic narcotics**.

OTHER COUNTRIES

BELARUS

21.08.2023 Drug control operatives with the support of OMON forces foiled a large channel of psychotropics supply to Russia. This was reported to BELTA by the Ministry of Internal Affairs.

Near the village of Zhukovka, Minsk district, law enforcers stopped a car with a 61-year-old foreigner. More than 5 kg of mephedrone was found in the trunk.

It became known that the foreign woman worked for a virtual drug market for about six months as a wholesale courier. The woman picked up psychotropics in Belarus and transported to Russia. She divided large batches into smaller ones and distributed it in dead drops in Russia.

<https://www.belta.by/society/view/v-minskom-rajone-zaderzhana-kurjersha-s-5-kg-mefedrona-583532-2023/>

22.08.2023 Drug control officers of the Department of Internal Affairs of Grodno Region Executive Committee together with their colleagues from Slonim District Department of Internal Affairs and Brest detained a 24-year-old resident of Ivatsevichy on suspicion of distributing psychotropics. The Ministry of Internal Affairs informed BELTA about it. Operatives also identified and detained three accomplices of the defendant: his cousins aged 20 and 23, as well as a 23-year-old acquaintance. About **5 kg of alpha-PVP and mephedrone** were found at the relatives' home. According to law enforcers, all members of the criminal group had been working for one virtual drug market since June. They distributed illegal substances in Hrodna and Brest regions.
