ON OTHER COUNTRIES

BRAZIL

25.07.2020 In the course of the action, carried out by the customs officers of the Federal Tax Service (IRS) in the port of Santos, **278 kg of cocaine** were found in the export cargo. The consignment of cocaine was hidden in a container containing a consignment of printing machines and devices that were to be transhipped at the port of Gioia Tauro in Italy. The shipment was selected for inspection using objective risk analysis criteria, including non-intrusive scanner inspection. The criminals used a criminal method called "rip-off", in which the drug is placed in a legal cargo without the knowledge of exporters and importers. The seized cocaine has been handed over to the Federal Police, which will continue their investigation based on information provided by the Federal Tax Service.

THE NETHERLANDS

29.07.2020 Customs during a check in the port of Rotterdam seized **390 kg of cocaine**. The shipment was hidden in a container with sacks of cocoa beans. The container arrived by sea vessel from the Bahamas, was bound for Antwerp (Belgium) and was intended for a Swiss company. The value of the seized cocaine is estimated at more than € 29 million. The drug seizure operation required special safety measures, since during long-term transportation, cocoa beans produce gaseous hydrocyanic acid in a natural process that can be fatal at high concentrations. The oxygen content in the container also decreases rapidly and the percentage of carbon monoxide increases. Therefore, HARC team members used special equipment and personal protective equipment in their work. The investigation is being carried out by the HARC team - by customs, FIOD, seaport police and the State Attorney's Office in Rotterdam. The seized consignment of cocaine was destroyed. <https://www.om.nl/actueel/nieuws/2020/07/29/douane-onderschept-390-kilo-cocaine-tussen-cacaobonen>
