**16.10.2023** State Security Service officers discovered a secret laboratory producing synthetic drugs in Tashkent. The laboratory was set up by members of a criminal group involved in the smuggling of potent substances from abroad through international courier shipments. It all started when customs officers found **5 kg** of the potent drug **pregabalin** in a courier shipment. Medication was imported under the guise of cosmetic products. Police found out that three Uzbek men (21 and 23 years old) were responsible for bringing the drug into the country. When their car was searched, they found another 1500 capsules of pregabalin and 90 bottles of tropicamide. Also, when inspecting the house, they rented in Mirzo-Ulugbek district, they found that a secret laboratory was operating at this address. Two girls (18 and 21 years old) who were part of the criminal group worked there. They were engaged in manufacturing potent drugs by mixing chemicals and then packing it into empty capsules. In the laboratory they found 376 capsules of pregabalin and 101 vials of tropicamide, **14.1 kg of pregabalin** powder, empty capsules and vials in 9 plastic bags, **20 liters of hydrochloric acid**, electronic scales, flasks, mixers and syringes. <https://podrobno.uz/cat/proisshestviya/v-tashkente-obnaruzhena-sekretnaya-laboratoriya-po-proizvodstvu-sinteticheskikh-narkotikov-video/>
